PREFACE TO THE SECOND EDITION

At the 1984 Convention of the Montana Library Association, the Indexing Special Interest Group was born. The main purposes of this group are to enable librarians and others engaged in all types of indexing endeavors to share their knowledge and experiences and to establish a degree of coordination among the diverse indexing projects throughout the state. In 1991 this committee has expanded to become the Local History and Indexing Special Interest Group.

The Committee decided that an ideal first task would be to compile a comprehensive list of every newspaper, vital records, local history and cemetery indexing project that had been done or is ongoing in the state. The first edition of this book appeared in 1987 and is entitled The Montana Historical and Genealogical Data Index. It was based on the responses received from a survey from which the Committee sent to every library, genealogical society, historical group, newspaper, and some individuals engaged in some type of indexing.

This updated index is the result of a survey undertaken in 1991. The book owes its existence to those who took the time to complete and return the questionnaire. It contains 46 additional entries describing projects not covered in the first edition. The Committee owes a debt of gratitude to the Montana Library Association for their continued financial support. We would also like to thank Vaun Stevens and Andrew Cherullo for their help in the preparation of this publication.

If you or your group is involved in any type of indexing and or transcribing of records not listed here, please take the time to fill out the questionnaire, a copy of which can be found on the final page of this book (it may be photocopied). If you need help in starting your first project, please write to us as we would be happy to help you.

Finally, in requesting information from the libraries and other groups listed in the Montana Data Index, be sure to include a self-addressed stamped envelope (SASE). With library budgets severely limited, many cannot afford such postage costs.

NEWSPAPER NEWS

Location: Billings, MT

Name of Record: Billings Gazette News Index

Dates: 1930-1949, 1974-1985 (1986 and 1987 are being prepared)
